ENGINEERED SOLUTIONS SINCE 1938

CEJCO

PUMPS

Moyno NOY	Progressing Cavity Pumps, Transfer/Feed, Metering/Dosing, Sanitary	GIW INDUSTRIES	Abrasion Resistant Metal & Rubber Lined Slurry Pumps	MAGNATEX[®] PUMPS, INC.	ANSI Magnetic Drive and Gear Pumps
GRUNDFOS	Digital Dosing, Hydro MPC, Vertical Multistage, Dosing Skid Systems	PACO	Split Case, End Suction, Vertical Inline	DICKOW PUMPEN	Sealed & Shaft Sealed Pumps
KSB	ANSI, Chemical, Magdrive, Submersible, Multistage, Split Case	PEERLESS PUMP	Process Pumps	GRANZOW	Peristaltic Pumps
Liquiflo[®] Chemical Processing Pumps	Gear Pumps	LaBour Taber	ANSI, Self-Priming, Paper Stock and Vertical Sump Pumps	DESMI	Gear Pumps
GRACO	AOD, Electric, Peristaltic, Piston, Sanitary	LEWA Creating Fluid Solutions	Metering, Dosing, and Canned Motor Pumps	VERDER	Hygienic Pumps
		ROTECH	ANSI and Self-Priming Pumps	UNIBLOC PUMPS	Sanitary Pumps
				FLUX	Drum and Container Pumps
				REX/VER PUMPEN UND FILTER	Mag Drive Pumps

HEAT TRANSFER

TRAN-TER The heat transfer people	Plate Heat Exchangers	ASTEC	Industrial Fluid Heaters & Heating Systems	SWEP A DORR COMPANY	Brazed Plate Heat Exchangers
OMEGA THERMO PRODUCTS	Prime Surface HX, Immersion, Clamp-on, Heat Recovery	PERRY PRODUCTS A PERRY EQUIPMENT COMPANY	Shell & Tube Heat Exchangers	DELTA Cooling Towers, Inc.	Cooling Towers, Seamless & Corrosion Proof

AGITATORS/MIXERS

Chemineer[™]	Mixers/Agitators
Kenics	Static Mixers
Greerco[™]	High Shear Mixers
Prochem[™]	Side Entry Mixers

FILTERS/STRAINERS

FAT-N	Mechanically Cleaned Filters, Bag & Cartridge, Strainers, Separators
THE HELLAN[®] STRAINER COMPANY	Self-Cleaning Strainers
SSI Fabricated Division of Hellan Strainer Company	Strainers and Pressure Vessels
GLOBAL FILTER Filtration Group	Pleated Depth and Membrane Cartridges Filter Vessels & Bags

GRINDERS

Moyno NOY	Solids Reduction and Waste Conditioning
HAIGH	Disintegration, Maceration, or Conditioning of Solids Inflow

DISINFECTION SYSTEMS

eVOQUA WATER TECHNOLOGIES	Disinfection Systems UV Systems, Ozone Systems, & OSEC
-------------------------------------	---

VALVES

KSB	Globe, Butterfly, Check & Control Valves
------------	--

TANKS

POLYPROCESSING SOLUTIONS, SIMPLIFIED.	Cross-linked Polyethylene Tanks Single & Double Wall Integrally Molded, Full Drain Outlet	FRP	Fiberglass Reinforced Plastic Tanks	STAINLESS STEEL	Alloy Tanks, Vessels, and Various Process Apparatus	CARBON STEEL	ASME Code-compliant Vessels
---	---	------------	-------------------------------------	------------------------	---	---------------------	-----------------------------

FEATURED PRODUCTS

PROGRESSING CAVITY

DOSING

MULTI-STAGE CENTRIFUGAL

Chemical Processing Pumps

KSB

- Factory trained and authorized service center
- 24 Hour Service and Support
- Genuine OEM Parts and Factory Certified Repairs
- Extensive OEM Parts Inventory

FABRICATION

CEJCO Fabrication Division specializes in the Design, Engineering, & Fabrication of Fluid Handling and Heat Transfer Systems.

CONTROLS

CEJCO Controls Division specializes in engineering and assembling custom and retrofit control panels, incorporating PLC and touch screen technology for flexible, cost-effective solutions that enable remote monitoring and streamlined process adjustments

We are your Equipment Solutions Provider for fluid handling and heat transfer engineered products.

Carl Eric Johnson, Co. has served the southern US since 1938. We match your specifications to our equipment, providing not just a product, but a solution for your equipment needs.
